

CRESTLINE[®]

CCL 150 - Type III

Leasing options available.

Why Choose Crestline

Fleet Solution

Focused on the needs of operation with predictability and serviceability

Safety

Rigorous certification & testing procedures to meet industry safety standards

Durability

Built to last, lowering cost of lifecycle ownership

Value-add

Prioritizing practical standard features

Quality

Worry-free maintenance with readily available parts

Why Choose CCL 150

- Factory backed Limited Lifetime Paint Warranty
- MMC Multiplex Electrical System as standard feature
- Designed for volume orders and quick delivery
- Built for remount with increased durability and reliability, lowering cost of ownership
- Standardization for numerous systems creating a familiar environment for EMS professionals and ease of maintenance for Fleet Operators

Built to last, lowering cost of lifecycle ownership.

Safety and **durability** at an affordable price.

CCL150.com

Safety,
Durability,
Value.

The CCL 150 offers 50.8 cu. ft. of exterior storage space.

The all aluminum underbody bumper protects the module in low impact collisions.

CrestCoat is a durable and cost effective corrosion prevention solution backed by a Limited Lifetime Paint Warranty.

Aluminum Extruded Body Construction

- 150" long X 96" wide body with 72" interior headroom, with 68" option available
- Fully certified: meets or exceeds KKK-A-1822F and GVS V3.0 standards, including GVS V3.0 remountable standards
- Limited Lifetime Structural Warranty
- All aluminum extruded body, including cabinetry
- Industry leading payload and available storage space
- Promotes safety, aerodynamics and efficient remount process
- Design supports efficient workflow and ergonomics for EMS professionals and patients
- Floor construction designed for all cot systems

Aluminum Cabinets

- Highly durable and long lasting
- SAE Compliant Hardware
- Lighter than wood reducing overall weight
- Powder coated for durable surfaces and easy cleaning

CrestCoat: Powder Coating Technology

- *Limited Lifetime Paint Warranty
- Durable powder coating finish stands up over vehicle lifetime
- Limited lifetime warranty contributes towards lower cost
- Increases module life for remounting
- Environmentally friendly application

MMC Multiplex Electrical System

- Robust multiplex system that is proven to reduce downtime and lower repair costs
- Supports remote diagnostics and preventative maintenance
- Fleet Operators do not require certified electrical technicians to perform maintenance or troubleshooting

Flush Mount Windows

- Automotive style windows for better visibility and corrosion resistance
- Lower repair costs
- Prevents leaks

Dual Entry Step

- Safer and easier access with first step lower to ground
- Exclusive ergonomic feature designed for ambulatory patients
- Eliminates repair with no moving parts

Rear Bumper Design

- Underbody design eliminates damage to module when bumper is impacted, reducing downtime for repair
- Kick-plate protects body from impact damage and road debris, provides protection and reduces corrosion

4" Radius Corners

- Improved aerodynamics, increased fuel efficiency and improved handling

O₂ To Go

- Transport oxygen cylinders in a safe and effective manner
- Lightweight and trouble-free with no systems to maintain
- Reduces back injuries by eliminating the need to lift

Remount Advantage

- Remounting the extended life module on a new chassis saves thousands over purchasing a complete new ambulance
- Minimal vehicle downtime
- Eco-friendly solution
- Crestline Limited Lifetime Structural Warranty applies
